

PRO-AV SOLUTION

ENTERTAINMENT

Entertainment is amusement usually involving a performance and hilarious audience participation. A stadium concert, an amazing magic/clown at a party, a live comedy show etc is the amusement as show, visual and audio entertainment.

Switch up to six live 1080i or 720p HD video inputs, HS-1300 connected to PTC-140A for seamless switching, built-in features like PiP, Chromakey and transition made the entire production interesting and effective, recording and streaming the program feed using H.264 format. NVS-200-MINI compliment a complete solution for private IPTV channel and multiple live streams platforms.

Conventionally, such application can be deployed for Variety Show, Live Concert, Music Awards, Orchestra, Independence Day and many more.
